## THE BEST THINGS IN LIFE AREN'T FREE... GALLAUDEY TODAY IS A GOOD EXAMPLE!

Have you seen copies of Gallaudet Today on other people's desks and wondered why you or your office aren't receiving it? The answer is a simple one -- in order to receive Gallaudet Today you must subscribe to it.

Gallaudet Today is the quarterly, award-winning publication of Gallaudet College. It carries stories on issues related not only to Gallaudet but to the total deaf community.

So we invite you to get in on a good thing and subscribe for yourself - or for your office, your friends or your family. Send \$3.00 for your subscription together with your name and address to Gallaudet Today, Office of Alumni and Public Relations, Chapel Hall.

## HOME NEEDED

The Embassy of Zaire is searching for a home in which to board a 17 year old deaf Zairian girl. The girl will be tutored in English and desires an "American Environment" to help her English language development. The cost of room and board is negotiable and will be for the period of one year. For more information call 447-0720 (Voice or TTY).

## ENERGY CONSERVATION TIPS FROM JIM HULL

"If you are the chef and dishwasher in your household, consider these two energy saving suggestions.

"Try using glass or ceramic dishes for baking in the oven. You'll find that you can cook at temperature settings as much as 25° lower than are required for cooking similar meals in metal pans.

"Be sure your dishwasher is full, but not overloaded before you turn it on. An average dishwasher uses 14 gallons of hot water per load."

## VOLUNTEER TRAINING PROGRAMS FROM THE VOLUNTEER CLEARINGHOUSE OF D.C.

Training programs for a wide variety of volunteer jobs are scheduled for September and October. Candidates are carefully selected and competition is sometimes lively for many of these jobs.

Counselors will be trained for hot lines and crisis centers, for work with alcoholics, the mentally ill, child abusers, juvenile delinquents and run-a-ways, for foster home programs and work with retarded children. Counselors for birth control are also needed.

Some museums will schedule early fall training for museum guides -- an exceptional opportunity for those interested in serving in the arts.

For further information please contact Ruth Sloate at 333-0455.

## "ON THE BROWN"

Thanks to all who have commented so favorably on our recent issue of "ON THE BROWN." I feel that the credit should be shared with Bill Stevens who, first of all, liked my idea and was willing to make a special order of mud-brown paper for this issue. His logo design helped bring a chuckle to all of us as we thought about our daily detours.

Jerry Jordan added a unique comment when he told me that the P.E. Department is supposedly planning to offer ski instruction this year.

The mountain has sparked many good stories on campus -- please share yours with us -- we can all use a laugh!
